

Testimonials

"This is to let you know how happy I am with the rocker and ottoman I recently ordered. It is by far not only the most comfortable rocker I have ever sat in, but beautifully designed and exceptionally well made. Your fine craftsmanship is only surpassed by your courteous service."

- C. Bertoli, Tuloumne, CA

"I have owned one of your rocking chairs for more than ten years. It is the best investment I have ever made in furniture."

- R. K. Tacelli, Chestnut Hill, MA

"I just had to write and tell you that we are more than delighted with the brilliant rocking chairs that you made for us and shipped across the Atlantic. They are so comfortable that it's hard to stay awake when reading! They are very soundly engineered, simply but imaginatively designed, with a balance that pleases both the eye and one's other end, and they are finished with care and professionalism. Well done, indeed."

- P. Murphy, Abersoch, UK

"I am 76 years old. The chair and ottoman have arrived, I assembled them myself, and I am delighted. The chair is so comfortable, as well as beautiful and well-designed, which is very important to me."

- C. Weaver, Cooperstown, NY

"We are absolutely thrilled with the chairs. They are even nicer in the 'flesh' than I had hoped, and all our family agrees. We had them up and ready for snoozing in less than 5 minutes. The elegance and ease of your design is truly outstanding."

- E. Miller, Brunswick, ME

"I received the rocker yesterday. It arrived in perfect condition- you do a good job of packing your product to withstand the rigors of transport. ...I must say that you've done your design and engineering thoroughly, since I cannot think when I ever sat in so comfortable a chair."

- T. Stinson, San Francisco, CA

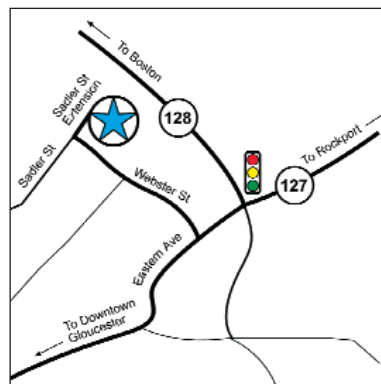

Ergonomic and Comfortable Furniture, Made to Order

Klein Design makes a wide range of innovative, high quality ergonomic furniture and accessories. Our furniture is designed to help you to live in comfort and health.

Use this catalog to find the right furniture for your needs. Select a specific size and posture to go with your choice of fabric, wood and finish, and we will make your custom piece of furniture to order.

Our popular Ultra Recliners help you to sit comfortably at different positions. In the upright position (left), the footrest tucks away underneath. With the footrest extended (above), recline fully or lock into any intermediate position with the help of the sturdy handle levers. See page 7 for details.
