

A MODULAR SYSTEM WITH LUMBAR SUPPORT

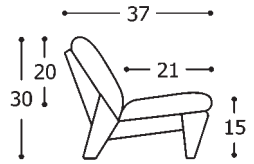

With the ModSeat, we offer trademark Brigger ergonomic features in a modular package. You can build chairs, loveseats and sofas out of the same beautiful solid wood components. ModSeats are generously roomy, luxurious, yet cozy— perfect for any room in your house.

ModSeats feature solid oak or cherry construction in a design that fits any decor. They are shipped disassembled via UPS, and are easily assembled without tools. Each ModSeat features lower back support. Available with optional Arm Rests.
